December 2005

Editorial

Club Day – 3rd December 2005

Rain, floods and wash outs. How else can you describe the conditions that welcomed us on Saturday morning at Symmons? Normally we don't get deterred by the rain, but this was more like a deluge.

We had rivers across the track!

We had lakes alongside it!

The tyre wall was washed out!

Even the gravel wanted to play!

Unfortunately, we had no other option than cancelling the event.

Legerwood Lane – 11th December 2005

8 Days, 88 km – what a difference, instead of rain coats it was sunscreen all the way. **Brilliant, magic, excellent.** These were just some of the descriptions the competitors used to describe the road at Legerwood that we used for our hillclimb. We tried running it in both directions, but the opinion of the competitors was that it was better heading towards Branxholm. We were extremely happy with the turn out of competitors this year, it helped us work out the way to run the hillclimb, stand by for a bigger and better event next year. We can even get you back to the start from the finish on a sealed road if you car is registered.

2006 Membership Renewals

NEWSWHEEL

THE OFFICIAL JOURNAL OF THE LIGHT CAR CLUB OF TASMANIA

December 2005

Well the man in the red suit is just about to appear, that means the New Year is but a week away, just where did 2005 go???? Your memberships are due for renewal on 1st January, renewal forms are included here, and you will need to renew your membership before competing in 2006.

Club Day – 5th February 2006

Our first event for 2006 is a Club Day at Symmons Plains on February 5th. The good news is that we have passed on a reduction in CAMS Permit Fees straight back to you, our competitors. The entry fee for this Club Day is \$85. We have also set the entry fee for the Lake Barrington Hillclimb on March 19th at the same figure.

2006 Calendar

We have a full event calendar for 2006, it is included here but you will note that it includes events at Symmons Plains, Baskerville, Lake Barrington and Legerwood Lane. We are also well advanced with planning the Mountain Circuit Classic, a touring road event to be held over the November long weekend.

See you on the track in 2006.

BTB

Da Vinci Code

Written across the wall of the cave were the following symbols:

It was considered a unique find and the writings were said to be at least three thousand years old!

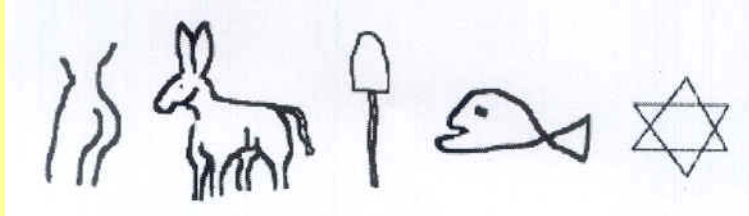

The piece of stone was removed, brought to the museum, and archaeologists from around the world came to study the ancient symbols. They held a huge meeting to discuss the meaning of the markings.

The President of the society pointed to the first drawing and said: "This is a woman. We can see these people held women in high esteem. You can also tell they were intelligent, as the next symbol is a donkey, so they were smart enough to have animals help them till the soil. The next drawing is a shovel, which means they had tools to help them."

NEWSWHEEL

THE OFFICIAL JOURNAL OF THE LIGHT CAR CLUB OF TASMANIA

December 2005

Even further proof of their high intelligence is the fish which means that if a famine hit the earth and food didn't grow, they seek food from the sea. The last symbol appears to be the Star of David which means they were evidently Hebrews.

The audience applauded enthusiastically.

**Then a little old Jewish man stood up in the back of the room and said, "Idiots, Hebrew is read from right to left....."
It says: 'Holy Mackerel, Dig the Ass on that Chick!'**

2006 Club Calendar

Date	Event	Venue
4 February	Club Day	Symmons Plains
19 March	Hillclimb	Lake Barrington
21 May	Club Day	Symmons Plains
27 August	Club Day	Symmons Plains
