Editorial

As we start 2010 we would like to thank everyone for their support in 2009 and we look forward to a bigger and better year in 2010

We will kick off the year with our first club day at Symmons Plains on the 7th of February; entries are rolling in so obviously you are keeping an eye on the website. Remember if you are not competing we could do with your help on the day, the more people we have helping the smoother the day runs. A reminder to all members that your membership is also due for renewal.

We also need a newsletter editor, someone who could collate information and get it all ready to print, if you think you could help please contact any committee member.

We also require a person or persons to do the catering at club days. As you are aware we do have our own trailer with all necessary equipment, and we would like someone to be able to organise the food and serve it at an event. Please contact any committee person if you are able to assist.

Also please note all members can and should attend the AGM and if you would like to be on the committee please put your name forward, your input would be appreciated. Also if anyone has suggestions etc please feel free to talk to any committee person and pass them on, or send us an email.

BTB

2009 Summary

Whilst the weather was not always kind to us last year we still managed to have a fairly successful year. We did unfortunately have to cancel the Country Club Tasmania Mountain Circuit Challenge due to damage caused by the rain to several of our roads. This was disappointing for the club as we had a very good entry and the event was looking promising. Our thanks must go to Gerald Theron and Country Club Tasmania for their ongoing support.

Last year also saw the running of the first Tasmanian Supersprint Championship which was well supported and congratulations must go to David Cooper as the overall winner, and all the other class/category winners. We must also thank Kerry Luck and the Levee Food Co for their sponsorship and support. Our original intention was to run the championship every two years but due to overwhelming support we have calendared the event again for 2010.

A huge thank you must go to everyone who has worked as an official at any of our events. These people volunteer their time and stand out in all kinds of weather so that we can run events for you the competitor, and we must also thank you the competitor for your support. Hopefully we can continue to have your support in 2010.
